

2012 Destined 2 Dance Awards Nomination and Performance

Guidelines

Nominations:

You may only nominate one person per category, please adhere to the field of expertise per category before selecting a person all nominees will be reviewed to make sure they match the criteria for the category nominated for.

3-5 days later the top 3-5 nominees with the most nominations will be listed online for all of America to vote. You will only be able to vote once per IP Address. We have strengthened the voting process to make sure that it is fair to all candidates.

We suggest you expose people to your talents and market yourselves effectively and in good taste. Once all votes are tallied the winners are announced the evening of the Destined 2 Dance Awards Show, no winners will be announced prior to the presentation of awards, so we ask that all nominees have a speech ready to go no more than 60 seconds.

Performances:

We try to showcase thirteen different genres of dance to give a new outlook on the various styles of dance. There are a few numbers that may be duplicated in style selection, but with a different interpretation of the dance. We want to captivate the audience enough that at the end of the night they want to join a class or at least send their child or personally want to check it out.

Time length of performances is 3-5minutes long. The longer the piece will take away the essences of the dance for persons with no dance expertise, unless the dance is telling a story and not repetitious.

Please make sure all music is edited to time length listed above and no profanity. Please bring a backup CD just in case the iPods, mp3s, iPads, and etc are not functioning properly. We ask that each performer sale at least two tickets for their entry to be free of charge. We will have discount tickets for the dancers at \$15.00 General Admission and \$25.00 VIP in advance. Once Pre-advance tickets go off sale, if you are in need of more discounts tickets after that date they will be available at the early bird ticket rate at \$20.00/\$30.00 online, at participating studios, or through PayPal from the site.

Bet U Can Move Like This Dance Workshop

If your students or you recommend students please inform them to wear loose attire or the attire the students wear in class and or shoes. We have some elite choreographers and want to make sure each student gets the best experience out of each class or class of choice. The workshop does come with a fee, but unlike your traditional workshops, we want to give back to the art of dance and give more people young and older an opportunity to do a company dance with great dancers that rose above the fundamentals of dance through study and or natural abilities at an affordable rate. These workshops are very unique each class is a different dance style for one hour with a short break between the next classes. This year we will showcase Afro-Hip-hop Fusion, Contemporary, Hip-Hop, Jazz, and Latin dance styling. Classes are open from youth thru adult.

All questions and concerns can be directed to the staff of Destined 2 Dance Awards
